Qualitative Software Fair & Symposium

Friday, March
28, 2014

Educational Sciences
& Teacher Education
Buildings

The *School of Education Qualitative Software Fair & Symposium* is an opportunity to become familiar with qualitative data analysis software and to make connections with other software users. Join us as presenters from across campus share experiences and practices with a variety of software and methods. Over lunch, participants are invited to informally talk with software users about a variety of programs.

Program:

10:30 Registration Opens

(Educational Sciences, Room 253)

11:00 Welcome

(Educational Sciences, Room 253)

11:10-12:00 Web Keynote

(Educational Sciences, Room 253)

- **"To the Max? Pros and Cons of Using MAXQDA in Undergraduate Anthropology Methods."**
Prof. Emilio Spadola (Dept. of Sociology & Anthropology, Colgate University, NY)

12:00-12:45 Lunch and Software Fair
